Augmented Reality : The History
of Aircraft

Year Accomplished
2023

Role/Position
AR Programmer, Designer

Publication Link
https://youtu.be/iEu8aLQlmiU?si=fZDHU4y9uTAlUTCU

Artwork/Project Description
An Android-based Augmented Reality project designed to support learning about aviation history, from the earliest flying machines to modern aircraft. I worked with my team as a 3D modeler, designer, and AR developer, using Unity for app development, Blender for 3D asset creation, and Figma for the user interface.

Gunung Puntang
Documentary Video

Year Accomplished
2022

Role/Position
DOP, Videographer, Video Editor, Colorist

Publication Link
https://youtu.be/Sf6fRcq1Bq0?si=S511sdME3okrG0sw

Artwork/Project Description
This is an assignment for the Audio Visual Technology course, where I created a documentary video about the daily life and culture of the Gunung Puntang community. The documentary highlights the local scenery, history, and the challenges faced by the people there, using filming, editing, and narration techniques I learned in class.

Artwork/Project Title
VFX Music Video Production

Artwork/Project Description
An assignment for the Audio Visual Technology course, focused on creating a music video using green screen and visual effects to achieve a creative and dynamic look. I used green screen to combine the actor with various 3D backgrounds made in Blender, and applied VFX to add special effects that support the concept and mood of the video.

Year Accomplished

Artwork/Project Title
Unyu Food – Market Day
Telkom University

Year Accomplished
2023

Role/Position
Graphic Designer

Publication Link
https://www.instagram.com/unyufood/

Artwork/Project Description
An assignment for the Business course that required creating and running a real business project for Market Day at Telkom University. The project started with developing a business plan, pitching the idea, gathering investment, and preparing the booth. I designed the brand visuals and promotional materials for the booth. After Market Day, the team completed a final report and distributed the profits to the investors.
